

WIT's Brian O'Meara and UCD's Sean Cummins in aerial combat at Carriganore.

Craig Breen's flying Fiesta thrills the crowds at World Rally Sweden.

Trevor McGrath (Rallying)

Easy: Craig Breen's magnificent win in the World Rally Academy Championship is without a doubt my sporting highlight of the year.

I covered every wheel turn Craig made during the year and even now I find it hard to put into words what he achieved on Rally GB on November 12th.

Craig didn't get make a great start to the season in Portugal and Sardinia and going into the final round in Britain he faced a 20 points deficit.

He never gave up though and incredibly went on to win 14 stage wins during rally GB on

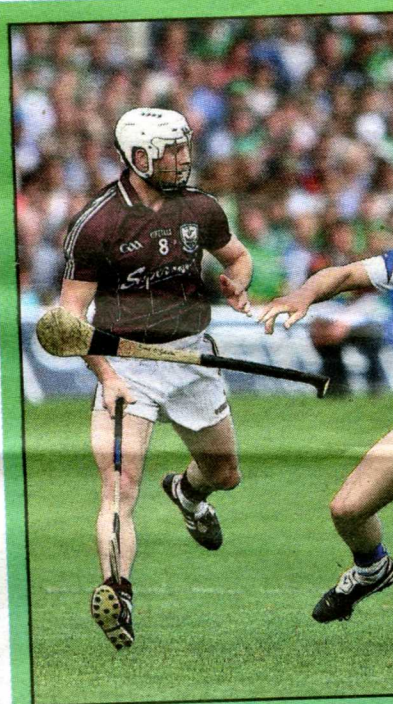

his way to the title.

Winning the event was one thing but to pull off all those stage wins was a mark of a talent we have yet to see the best of.

Me second favourite sporting moment of the year is George Clancy's poignant speech during Craig Breen's homecoming.

"If you're inside the sport and you understand rallying, you know what it means, this was an incredible performance and it left me speechless. Ladies and Gentleman, I would say to you know that this is the finest hour of the Carrick on Suir Motor Club".

Third on my list is Carrick's Motor Club involvement with the running of the Winter Rallysprint where club members raised €3125 for the Solas Centre."
